TOWN OF MOUNT CARMEL, TENNESSEE  
GENERAL OBLIGATION CAPITAL OUTLAY NOTE,  
SERIES 2000

---

CERTIFICATE AS TO ARBITRAGE  
AND OTHER TAX MATTERS

---

1. GENERAL STATEMENTS.

1.1. The undersigned is the Mayor of the Town of Mount Carmel, Tennessee (the "Issuer"). This Certificate is executed for the purpose of establishing the reasonable expectations of the Issuer as to future events regarding the Issuer's \$153,678 General Obligation Capital Outlay Note, Series 2000, dated the date hereof (the "Note"). The Issuer understands and acknowledges that Stokes & Bartholomew, P.A., as Bond Counsel, will rely on this Certificate in rendering its opinion that the interest on the Note is excluded from gross income for federal income tax purposes.

1.2. On the basis of the facts set forth in this Certificate, the Issuer does not expect that the proceeds of the Note will be used in a manner that would cause the Note to be an arbitrage bond under Section 148(a) of the Internal Revenue Code of 1986, as amended (the "Code"), and regulations promulgated thereunder (the "Treasury Regulations"). To the best knowledge and belief of the undersigned, the expectations set forth herein are reasonable, and there are no other facts, estimates or circumstances that would materially change the foregoing conclusions.

1.3. The undersigned executes this Certificate pursuant to Section 148(a) of the Code and the regulations promulgated thereunder, including, but not limited to, Section 1.148-2(b) of the Treasury Regulations, and the undersigned is authorized by the Issuer to make the representations and certifications contained herein and to execute this Certificate.

1.4. The Issuer has neither received notice that its certifications may not be relied upon with respect to its obligations nor has it been advised that any adverse action by the Commissioner of Internal Revenue Service is contemplated. The undersigned, together with others, is a person charged with the responsibility for issuance of the Note and has made due inquiry with respect to and is fully informed as to the matters set forth in this Certificate.

2. AUTHORIZATION AND PURPOSE.

2.1. The Issuer is issuing the Note on the date hereof (the "Issue Date") for the purpose of procuring funds to finance certain public works projects, consisting of the acquisition of a fire truck and related equipment, the acquisition of all other property real and personal appurtenant thereto and connected with such work, and to pay all legal, fiscal, administrative, and engineering costs, incident thereto (collectively, the "Project"), and costs incident to the issuance and sale of the Note.

2.2. The Note is authorized and issued pursuant to Title 9, Chapter 21, Tennessee Code Annotated, as amended, and a resolution adopted by the Board of Mayor and Aldermen of the Issuer on April 27, 2000 (the "Resolution"), authorizing the issuance of the Note.

3. NO OTHER ISSUE.

The Issuer has not issued and does not expect to issue any other obligations during the period beginning 15 days prior to the date hereof (the "Sale Date") and ending 15 days after the Sale Date that are (i) pursuant to a plan of financing common with that of the Note and (ii) reasonably expected to be paid from substantially the same source of funds as the Issuer expects to use to make payment with respect to the Note. Therefore, pursuant to Section 1.150-1(c) of the Treasury Regulations, no other obligations are treated as part of the same issue as the Note, and the Note constitutes a single issue (the "Issue") for purposes of this Certificate.

4. SALE PROCEEDS.

4.1. Amount of Sale Proceeds and Net Sale Proceeds. Bank of America, N.A., Nashville, Tennessee (the "Purchaser"), is purchasing the Note at a price equal to \$153,678. Under Section 1.148-1(b) of the Treasury Regulations, the "sale proceeds" of the Issue are \$153,678

Since the Issuer is not depositing a portion of the sale proceeds of the Issue into a reasonably required reserve or replacement fund under Section 148(d) of the Code, and since the Issuer is not treating any portion of the sale proceeds as exempt from yield restriction pursuant to Section 148(e) of the Code as a "minor portion" of the Issue, the "net sale proceeds" of the Issue within the meaning of Section 1.148-1(b) of the Treasury Regulations are approximately \$153,678.

4.2. Application of Sale Proceeds. The Issuer will apply the sale proceeds of the Note as follows:

\$153,678 of the sale proceeds of the Note will be deposited in the Project Fund ( the "Project Fund") established under the Resolution and shall be applied to the costs of the Project.

5. ISSUE PRICE.

Under Section 1.148-1(b) of the Treasury Regulations, the "issue price" of the Note is determined as of the sale date, based on reasonable expectations regarding the initial offering price to the public (excluding bond houses, brokers, and similar persons or organizations acting in the capacity of underwriters or wholesalers), plus accrued interest. The issue price of the Note is \$153,678.

## 6. INVESTMENT PROCEEDS.

Amounts derived from the investment of funds, if any, in the Project Fund and any other funds established by the Issuer ("investment proceeds") will be held in such funds and expended for the purposes for which such funds are held.

As used in this Certificate, "proceeds" of the Issue means sale proceeds, transferred proceeds and investment proceeds.

## 7. ESTABLISHMENT OF FUNDS AND REPLACEMENT PROCEEDS.

7.1. The Project. The Issuer has incurred or will, within six months of the closing, incur a substantial binding obligation to a third party to expend at least five percent of the sale proceeds of the Note on the Project. It is expected that the work of acquiring, constructing, erecting, repairing, improving and extending the Project and the expenditure of amounts deposited in the Project Fund will continue to proceed with due diligence through May 1, 2001, at which time all sale proceeds and investment earnings deposited into the Project Fund will have been spent.

The costs of the Project will be paid from the Project Fund and no other moneys (except for investment earnings on amounts deposited therein and investment earnings on amounts deposited in other funds and transferred to the Project Fund prior to the completion of the Project) are expected to be deposited therein.

7.2. Funds. In addition to the Project Fund, the Issuer has established or will establish the following funds in connection with the issuance and sale of the Note:

The Note Fund is established pursuant to the Resolution. Monies deposited in the Note Fund will be used to pay principal of and interest on the Note, and the Issuer reasonably expects that there will be no other funds that will be so used. The Note Fund is a fund used primarily to achieve a proper matching of revenues and debt service within each bond year. Any money deposited in the Note Fund will be spent within a 13-month period beginning on the date of deposit, and any amount received from investment of funds held in the Note Fund will be spent within a one-year period beginning on the date of receipt.

The Resolution does not contain an agreement of the Issuer to maintain an amount of funds at a particular level.

7.3. Note Not Outstanding Longer Than Necessary. Under Section 1.148-1(c)(4)(i)(B)(2) of the Treasury Regulations, the term of the Issue will not be longer than is reasonably necessary for the governmental purposes of the Issue because the weighted average maturity of the Issue will not exceed 120% of the average reasonably expected economic life of the Project.

7.4. No Other Replacement Proceeds. Except as described in this Section, the Issuer does not expect that any amounts will be available to the Issuer that are related to the Issuer or the

Project and that would have been used for the financing of the Project if the proceeds of the Note were not to be used for that purpose.

As used herein, "gross proceeds" means proceeds and replacement proceeds.

## 8. YIELD ON THE NOTE.

8.1. Yield in General. For purposes of this Certificate, yield on the Issue is, and shall be, calculated in the manner provided in Section 148(h) of the Code and Section 1.148-4 of the Treasury Regulations. The Issue shall be treated as a "fixed yield issue" under the Treasury Regulations. Under Section 1.148-4(b) of the Treasury Regulations, yield with respect to the Issue means that discount rate that, when used in computing the present value as of the Issue Date of all unconditional payments of principal, interest and fees expected to be paid for qualified guaranties on the issue produces an amount equal to the aggregate issue price thereof. The issue price of the Issue is set forth in Section 5 of this Certificate. For purposes hereof, yield is, and shall be, calculated on a 360-day basis with interest compounded semi-annually.

8.2. Yield. The yield on the Note calculated in this manner is 6.00%.

### 8.3. Yield Limitations.

(a) Amounts Held in the Project Fund. The Issuer reasonably expects the following with respect to the amount of \$153,678 which is to be deposited and held in the Project Fund:

(i) All proceeds held in the Project Fund are needed for the purpose of paying the capital costs relating to the Project;

(ii) At least 85% of the net sale proceeds of the Note will be allocated to expenditures for capital costs relating to the Project on or before three years from the date hereof;

(iii) Within six months from the Issue Date, the Issuer will have incurred substantial binding obligations to a third party to expend with respect to capital costs relating to the Project at least 5% of the net sale proceeds of the Note; and,

(iv) The work on the Project and the expenditure of the net sale proceeds of the Note is expected to proceed with due diligence.

Thus, under Section 1.148-2(e) (1) of the Treasury Regulations, proceeds held in the Project Fund need not be yield restricted during the three-year period beginning on the Issue Date.

(b) Amounts Held in the Note Fund. Under Section 1.148-1(b) of the Treasury Regulations, the Note Fund is a "bona fide debt service fund". Thus, under Section 1.148-2(e)(5) (vi) of the Treasury Regulations, the amounts held in the Note Fund, may be invested without regard to yield restriction for a period of 13 months from the date of deposit of such amounts to such fund. Earnings on such fund may be retained in such fund and may be invested at an

unrestricted yield for a period of not exceeding one year from the date of receipt of the amount earned.

(c) Investment Earnings. All amounts derived from the investment of gross proceeds may be invested without regard to yield restriction for a period of one year from the date of receipt.

9. REBATE.

9.1. General. Pursuant to the Resolution, the Issuer has covenanted to calculate or cause to be calculated the amount of arbitrage, if any, that must be rebated to the United States in accordance with Section 148(f) of the Code.

9.2. Bona Fide Debt Service Fund Exception. The Issuer does not expect that earnings on the Note Fund will exceed \$100,000 per year. Therefore, pursuant to Section 148(f)(4)(A)(ii) of the Code, earnings on the Note Fund shall not be taken into account in determining the rebate amount for the Issue.

10. NOT HEDGE NOTE.

The Issuer expects to spend at least 85% of the net sale proceeds of the Issue within three years of the Issue Date. No more than 50% of the proceeds of the Issue will be invested to produce a guaranteed yield for four years or more. Therefore, the Issue will not constitute an issue of "hedge bonds" under Section 1.149(g)(3) of the Code.

11. RESTRICTIONS ON GOVERNMENTAL USE.

The Issuer may not expect, and based upon current and anticipated future contractual arrangements does not expect, that any of the proceeds of the Note will be used either (i) to make or finance loans (other than loans which enable the borrower to finance any governmental tax or assessment of general application for an essential governmental function or which are used to acquire or carry nonpurpose investments) to any Person other than a governmental unit, or (ii) in any trade or business carried on by any natural person or any activity carried on by anyone other than a natural person or a state or local governmental unit. No nongovernmental person has any special legal entitlements to use property financed with the proceeds of the Issuer under an arrangement with the Issuer and the Issuer does not expect that any nongovernmental person will acquire any such special legal entitlement. For purposes of this section, "use" includes the sales of power to nongovernmentally owned utilities pursuant to output or requirements contracts as well as any other arrangements for the sale or transmission of power on terms different from those available to the general public. This requirement is imposed individually against each series of Note without regard to the use of gross proceeds for any other series of Note under the Resolution. The Issuer agrees to notify bond counsel of any such use.

13. FUTURE EVENTS.

The Issuer acknowledges that any changes in facts or expectations from those set forth herein may result in different yield restrictions or rebate requirements from those set forth herein, and the Issuer agrees to promptly contact bond counsel if such changes do occur.

14. COVENANTS OF ISSUER.

(a) The Issuer hereby covenants with the owner of the Note that so long as any portion of the Note is outstanding, the Issuer shall comply with the requirements of Section 103 and Sections 141 through 150 of the Code and the applicable rules and regulations of the Code thereunder to the extent required to maintain the exclusion of interest on the Note from the gross income of the owner thereof for federal income tax purposes.

(b) The Issuer will file such information returns with respect to the Note as may be required by Section 149(e) of the Code.

(c) The Issuer covenants that it will not invest any funds in any manner, that it will not take any action, and that it will not fail to take any action, if such investment, action or failure to act would cause interest on the Note to be subject to inclusion in the gross income of the owners thereof for federal income tax purposes. Without limitation of the foregoing, the Issuer specifically covenants to invest the funds described herein in accordance with this Certificate and further covenants that it will act and refrain from acting in accordance herewith. The Issuer reserves the right, however, to make any investment of such monies permitted by Tennessee law and the Resolution if, when, and to the extent that Section 148 or regulations which may be promulgated thereunder shall be relaxed, repealed or shall be held void by a final decision of a court of competent jurisdiction but only if any investment made by virtue of such repeal, relaxation, or decision would not, in the opinion of counsel of recognized competence in such matters, result in making the interest on the Note subject to inclusion in the gross income of the owners thereof for federal income tax purposes.

(d) The Issuer covenants that no portion of the Project will be sold or otherwise disposed of prior to the final maturity of the Note; provided, however, that to the extent it may do so without impairing the rights of the owner of the Note and without adversely affecting the exclusion from gross income of the interest on the Note for federal income tax purposes, the Issuer may, sell at a fair market value, any properties which are or then may be a part of the Project.

(e) As of the date hereof, no part of the Project financed with the proceeds of the Note is or will be subject to contracts or other arrangements that do not comply with the safe harbors of Revenue Procedure 97-13, 1997-I.R.B. 18.
